An on-ramp to automotive, Open
Source software

Navigating Automotive FOSS

- How do individual developers contribute to automotive, open source software projects?
 - What are the projects? What are their policies? What are the licenses? Is there an SDK? Where is the API?
-

Standard interface

GENIVI provides a standard FOSS interface following community best practices;

- World clone-able git repos: <http://git.projects.genivi.org>
 - Mailing lists: <https://lists.genivi.org/mailman/listinfo>
 - IRC: Freenode #genivi
 - Wiki: <http://wiki.projects.genivi.org/>
 - Web: <http://projects.genivi.org/>
 - Propose a project: <http://genivi.org/propose>
-
