This is a brand new project we're pitching to an investor. Basic idea is to build an Airbnb for cars: people can rent out their cars.

To do:

- prepare basic research for business case
- Gather market potential numbers

Hi Christine,

Here's also a train ticket example - I went to Stuttgart, and back to Nuremberg.

Sehr geehrter Herr Poortvliet,
vielen Dank für Ihren Fahrkartenkauf.

Ihre Buchungsdaten:
Auftragsnummer: BPM83K
Kundenummer: 17440465

Falls Sie die App "DB Navigator" auf Ihrem Android Smartphone oder iPhone installiert haben, können Sie Ihr Handy-Ticket über folgenden Link herunterladen:
Auftrag laden für iOS DB Navigator
Auftrag laden für Android DB Navigator

Die App erhalten Sie über www.bahn.de/apps oder suchen Sie in den App-Shops nach "DB Navigator".

Das sollten Sie wissen:

Das Ticket gilt nur für Johannes Poortvliet persönlich (ggf. auch für Mitfahrer) in Verbindung mit einem amtlichen Lichtbildausweis (z.B. Personalausweis oder Reisepass) oder einer gültigen BahnCard.

1.0 General Information

ONLYOFFICE Community Edition

1.3 Example text

Provide a brief system overview description as a point of reference for the remainder of the document. In addition, include the following:

- Responsible organization
- System name or title
- System code
- System category
  - Major application: performs clearly defined functions for which there is a readily identifiable security consideration and need
  - General support system: provides general ADP or network support for a variety of users and applications
- System environment and special conditions

1.4 Project References

Provide a list of the references that were used in preparation of this document. Examples of references are:

- Previously developed documents relating to the project
- Documentation concerning related projects
1.3 Example

Provide a brief system overview description as a point of reference for the remainder of the document. In addition, include the following:

- Responsible organization
- System name or title
- System code
- System category
  - Major application: performs clearly defined functions for which there is a readily identifiable security consideration and need
  - General support system: provides general ADP or network support for a variety of users and applications
- Operational status
  - Operational
  - Under development
  - Undergoing a major modification
- System environment and special conditions

1.4 Project References

Provide a list of the references that were used in preparation of this document. Examples of references could be:

- Previously developed documents existing in the project
- Documents concerning related projects
- ISD internal procedures documents

1.5 Acronyms and Abbreviations

Provide a list of the acronyms and abbreviations used in this document and the meaning of each.

Availability
Today
Jack Wallen TechRepublic:
Never before have I been so impressed with a piece of open source software."
Forbes: Nextcloud is taking a serious leap forward today by rebranding itself as “Nextcloud Hub,” and the name change is meaningful.
ZDNet: For years, Nextcloud has set the standard for run-your-own Infrastructure as a Service (IaaS) private clouds. Now with the open-source Nextcloud Hub, it's taking on Software-as-a-Service (SaaS) office programs such as Google Docs and Office 365.
Summary:

- This doesn’t exist anywhere else
- Modern collaboration and communication features
- 100% Open Source and On Premises
- No Vendor Lock-In
- Federated and Distributed
- Secure and privacy aware
- Community driven
Thanks a lot !
