

Welcome to

Testing and Automation devroom

FOSDEM 2021

<https://fosdem-testingautomation.github.io/>

devroom organized by
Kiwi TCMS, SUSE & Linaro

Your hosts today are

- Alex Todorov
- Anders Roxell
- Cyril Hrubis
- Ivajlo Karabojkov
- Richard Palethorpe

Practical

- Main devroom stream
 - Pre-recorded video + live Q&A
- „Hallway“ style discussion afterwards
 - Parallel stream & chat
- Chat: <https://chat.fosdem.org>
- Video: <https://fosdem.org/2021/schedule/streaming/>
- Stands: <https://stands.fosdem.org>

Agenda

- https://fosdem.org/2021/schedule/track/testing_and_automation/
- kernel -> tracing -> embedded -> debugging in CI -> TDD -> more TDD & Ansible -> success stories & lessons learned -> QA trends to finish strong
- Lunch break !!!
- Ask lots of questions & discuss so we can all learn

Code of Conduct

- <https://fosdem.org/2021/practical/conduct/>
- Be considerate, friendly, and respectful towards others
- **Don't be a jerk or we will kick you out!**
 - it's easier to do this online

Happy Testing
