

# Future of public code

FOSDEM 2023

To all speakers:  
Thank you!

# Trends

What did we hear today?

- Increasing momentum for DPGs
- Lots of European policy initiatives to build a European public open source ecosystem
- Lots of interest from open source community in the European policy environment and new laws

# Trends

What did we hear previous days?

- The Russian war on Ukraine was a wake-up call for sovereignty and put open source on the agenda again. - Daniel Melin, Swedish Tax Agency at EU Policy Summit
  
- Rise of public sector OSPOs

# Trends

## 2023 State of Open Source Report

54.7% of respondents in Government or Public Services said that in the next 18 months, the greatest challenge is “Keeping up with updates and patches”
