The screenshot displays the Mixxx DJ software interface. At the top, the menu bar includes 'Bestand', 'Bibliotheek', 'Bekijk', 'Opties', and 'Help'. The main menu shows 'BIG LIBRARY', 'WAVEFORMS', 'DECKS', 'MIXER', 'EFFECTS', 'SAMPLERS', and 'MIC/AUX'. The top right corner shows the time '23:08', the 'MIXXX' logo, a CPU load indicator, and 'REC' and 'ON AIR' buttons. The interface features two decks, FX1 and FX2, each with a waveform display, a volume knob, and various EQ and effect controls. Below the decks is a track list table with columns for album, artist, title, rating, genre, BPM, and duration. The table contains 10 rows of track information.
