WHAT WE DO

OPEN SOURCE INITIATIVES WE CONTRIBUTED TO:

OPEN SOURCE IN ACTION BY MARTEL

orchestracities.com

FOR SUSTAINABLE SMART CITIES SERVICES

- + It allows cities to easily **collect, process and share data, analytics insights and services**
- + It provides the foundation for a **citizen-centric Data platform** to help **reduce cities costs** and **drive their digital transformation**
- + It allows definition, offering and monitoring of several services and applications such as **waste and water management, transportation, air quality monitoring, traffic and parking**, etc.

OPEN SOURCE, OPEN DATA, OPEN APIs

**CHALLENGE:
INCREASE OPEN-SOURCE ADOPTION**

**TIME:
10 MINUTES**

1

What is **the main barrier** to Open-Source user adoption?

2

One policy action to remove/reduce the barrier you identified
