IPv6-only default network

- Reminder: we were the **first** network to have NAT64-only
 - **Not** IPv6-mostly :)
 - We measurably pushed IPv6-adoption forward
- I had another stupid idea...

The background features a large, faint watermark of the FOSDEM logo. It consists of a large purple gear with a white circle in the center. Inside the white circle is a blue robot head. Below the gear, the text 'FOSDEM' is written in a large, light blue, sans-serif font, followed by '.org' in a smaller, purple font.

Program

- Devrooms
 - 138 proposals
 - 65 happened (many **GOOD** ones rejected)
 - Fewer than last year?
 - also give place to niche projects which do not get a chance to organise their own conference
 - less half day devrooms - less packed schedule
 - encourage cross project collaboration

Program

- 1197 speakers
- 8752 reviews
- 1079 sessions (including BOF)
- BOF
 - Bird of Feather meetings - unconference style 1 hour meetings
 - 66 sessions happened
 - **There were still empty spots - think about it next year!**

Video Stats

- Peak viewers for both days **1000** (same number for days 1 and 2)
- Video views
 - day1 - 48057
 - day2 - 30968
- Unique visitors ipv4 10250
- Unique visitors ipv6 9248
